News For The T & D Industry

January 2004

NMC Consulting and Training

NMC has put together a network of veteran utility people like Chet Clubine and Kenneth Finley to assist you with problems and staff cutbacks. Whether you need training on equipment, maintenance manuals or someone to trouble shoot a problem, **NMC** has the person for you! Contact **NMC** for information at <http://www.normandymachine.com> or call 1-800-526-6740.

NORMANDY MACHINE COMPANY

NMC On The Move

Because of our growth the last few years, **NMC** has purchased a larger facility across the road. After some renovation and a new warehouse facility, **NMC** hopes to be moving 4th quarter of 2004.

NMC CATALOG

We have just reprinted our catalog. The information is as superior, as our products and services. Check out the website for color photos of the product. If you need a new copy or CD call 1-800-526-6740. Also we are located at www.normandymachine.com
